

## FOOD VENDOR ADDENDUM

Tahiti Nui International has just completed a “buyout” of the Waikiki Shell concessions for Heiva I Honolulu 2015. With this sudden adjustment of responsibility and liability, Tahiti Nui International is required to collect copies of all business licenses and health certificates of Food Vendors participating at the Waikiki Shell, March 20-21, 2015. This investment provides Tahiti Nui International the opportunity to lower the commission rate for food vendors and restrict food services to participating vendors only. The Waikiki Shell food services will not be available during Heiva I Honolulu 2015.

The following will apply:

- Food vendors are required to complete the Tahiti Nui International’s Heiva I Honolulu application and submit all applicable fees associated with the completed application to Tahiti Nui International.
- Food vendors are required to submit via fax, email, or post copies of your current business license and health certificate issued specifically for Heiva I Honolulu 2015.
- Food vendors are required to provide a daily count of paper good supplies (plates/bowls/cups) prior to the gates open to the public each day and a final count at the end of each day with a commission payment to Tamara Ulima.
- Food vendors are required to pay a 25% commission on all sales to Tahiti Nui International.

Tahiti Nui International
